## WANT ANTIFOULING THAT LASTS FOR OVER 10 YEARS?

Our workshop boasts the highest possible standards which means that we only work with the best products. This is why we've chosen Coppercoat antifouling. This truly remarkable product will keep going for at least 10 years but don't just take our word for it...

*"In all the 14 years we've never had a barnacle, seaweed, nothing... The original claim for our Coppercoat was that it would last 10 years and many people were sceptical. Our test proves the doubters wrong"*

Practical Boat Owner Magazine 14 year trial (2007)  
Sarah Norbury, Editor

### £100 OFF

any Coppercoat job placed before 31st March 2011.  
Contact HYS today to redeem this exclusive reader offer.

## Painting @ HYS

Whether you've got a 25ft day boat or 100ft race boat the application specialists at the HYS paint shop are well equipped to ensure you receive the highest possible standards of work with products that suit your requirements and budget.

We work with some of the world's best products with confidence and an assured touch, to give you an excellent service supported by a full warranty

APPLICATION SPECIALISTS FOR

# FULLY INSTALLED PACKAGES AVAILABLE

Our expertise in the installation and servicing of generators and power management systems means that we're as comfortable handling complex bespoke systems as we are standard "off the shelf" configurations.

Confidence by Control  
**SIDE-POWER**

HYS offer a range of bowthrusters to suit all sizes of yachts and motor boats. If you want to take control of your boat contact us about fitting a bowthruster this season.

HYS are experts in installing water makers on boats of all shapes and sizes. Water makers can be retrofitted to your boat quickly and easily which means that our fully installed packages can be carried out quickly without disrupting your boating.

*Replace your engine*

- Servicing
- Commissioning
- Rebuild

HYS engineers do it all. Contact us for any of your engineering requirements.
